Welcome

41st Annual Law Enforcement Operations Conference & Trade Show

Welcome to Kansas City for the NTOA's 41st Annual Law Enforcement Operations Conference and Trade Show! Our co-host, the Heartland Tactical Officers Association, has worked diligently over the past year to ensure that you have an enjoyable and successful training experience.

Get ready to elevate your skills! With over 100 seminars and incident debriefs, you'll have the chance to learn from the best. Led by experienced police leaders, military veterans, and other experts in their relevant fields, our courses will explore various topics, from tactics to leadership to wellness and much more. Many of these presentations are unique and rarely seen at other conferences. Don't rule them out by only attending the "usual" ones. Take the opportunity to branch out and experience seminars that offer unique topics and perspectives. You'll also be able to connect with fellow officers from around the world, building camaraderie that will last a lifetime. All 50 states and at least six countries are represented here this week.

The trade show, featuring over 200 vendors showcasing the latest products, occurs at the Kansas City Convention Center on Sunday and Monday. In addition, there will be presentations on the trade show floor on both days.

Raffle drawings occur throughout the week, and tickets can be purchased at the NTOA store during the trade show on Sun-

day and Monday. The NTOA store will be in Basie Ballroom C1 of the Kansas City Marriott Downtown from Tuesday through Thursday.

Join us for a welcome reception from 6:30 to 9:30 Monday evening at the College Basketball Experience, a high-energy, highly interactive venue where casual and hardcore fans of any age can immerse themselves in college basketball. All conference attendees, vendors, and instructors are invited for a night of relaxation and socializing. Dinner and drinks will be provided. It's an event you won't want to miss! Point Blank Enterprises and Lenco Armored Vehicles are our generous sponsors.

Remember to download the NTOA app at your app store. It is simple to use and provides a wealth of conference information, including your agenda, courses, social events, instructor bios, exhibitors, document downloads, and more.

Thank you to our co-hosts for their assistance in planning this conference. And finally, the NTOA thanks you for your attendance and participation and for all you do to defend this and other great nations. Have a great week, and stay safe!

Don Kester

NEW IN 2024!

CRISIS NEGOTIATIONS CONFERENCE NATIONAL NEGOTIATORS CHALLENGE

The NTOA is hosting its first-ever National Negotiator's Challenge, a unique opportunity for crisis negotiation teams to work together and challenge themselves and their teams against other teams nationwide.

Teams will participate in a challenging scenario-driven competition. Up to 10 teams (up to 8 negotiators per team) may register. The NTOA will provide judging criteria to teams upon registration.

The National Negotiator's Challenge is a realistic stress-based training opportunity. It allows participants

and observers to witness how other teams address the same scenario in their own way, depending on resources, team size, experience, and more. Additional negotiators may attend for observation and training purposes.

Important: All National Negotiator's Challenge attendees must register for the NTOA's Crisis Negotiations Conference (1-day, 2-days or whole week) **BEFORE** registering for the competition. The competition will take place at the same hotel as the conference.

Additional Cost to Register for the Challenge: \$75

To Register Visit: <https://training.ntoa.org/cntchallenge>

2024 Conference Co-Host

Heartland Tactical Officers Association

On behalf of the Heartland Tactical Officers Association, I welcome you to the NTOA's 41st Annual Tactical Conference and Trade Show! We are proud to co-host this conference in Kansas City for the third time, and to work with the NTOA to bring this outstanding training to the heartland of our country.

In 1989, the Heartland Tactical Officers Association (then named the Metro Tactical Officers Association) was conceived by Sgt. Steve Smith of the Lenexa (KS) Police Department. In 2008, the association was incorporated as the Kansas City Metro Tactical Officers Association (KCMTOA) and was approved as a 501c3 nonprofit organization with a five-member board of directors. The training cadre continued to grow, courses were added, and membership in the association expanded into Iowa, Nebraska and Minnesota.

In 2019, 30 years after the inception of the MTOA, the Board of Directors voted unanimously to change the name of the KCMTOA to the Heartland Tactical Officers Association. That decision was not taken lightly, as the KCMTOA has a long history and has gained national prominence from the great work of many of its members. However, the association has become representative of many agencies throughout the Midwest, the nation's heartland and HTOA more accurately describes who we are.

Membership from areas outside the Kansas City metropolitan area continues to rise, and today, the HTOA represents

over 100 agencies in six states. Nearly 1,000 tactical officers, patrol officers and medics train each year in a multitude of courses.

Additionally, the association awards five \$1,000 educational scholarships each year to children of association members.

Our association is truly representative of our members in local and national discussions, funding and best practices. Our members are the best of their respective agencies and collaborate, train and work operationally with each other, even crossing several state lines to do so.

We hope you enjoy your time in Kansas City and take advantage of some of the best barbecue restaurants in the country, world-famous craft beer, and the National World War I Liberty Memorial Museum. Kansas City is home to the Kansas City Royals, Super Bowl champions Kansas City Chiefs, Sporting KC, and the Kansas Speedway. Midwestern hospitality and family attractions like Worlds and Oceans of Fun, Science City at Union Station, and shopping at the Country Club Plaza make the Kansas City Metro a hidden gem that the members of the HTOA look forward to showcasing.

Matthew Payne, President
Heartland Tactical
Officers Association

CONFERENCE & TRADE SHOW

AUGUST 24-29, 2025

THE NEXT EVOLUTION IN CARRY SYSTEMS

Periodically a new product comes along that changes our conceptions about how things are done. In 1997, when we brought the **Original Sling System™** to the market, we did just that. An elegant design that challenged the old complicated methods while meeting the ever changing needs of military and law enforcement. A design so perfect, it was copied by others the world over.

Although our slings are designed to be universal, we don't believe in a one-size fits all approach. Our product line has a diverse selection of slings that cater to a variety of needs. From executive protection and law enforcement to military and recreational shooting, Sling Guru provides products that meet your needs by **changing how slings work without changing how you work.**

You can expect the highest standard in materials and workmanship. We use durable, light weight, non-metallic components that ensures long-lasting, comfortable, stealthy performance. All of our products are **proudly made in the USA.**

Proven to be the BEST Police Baton in a 10 month NIJ funded study !

The Peacekeeper Rapid Containment Baton

**The MOST EFFECTIVE,
DEPENDABLE, and DURABLE
Baton Available !**

Find out why so many agencies have ELIMINATED all other expandable batons from policy and only authorize the Peacekeeper Baton.

What's YOUR PLAN B?
